3 The table shows information about the number of letters in the first name of each of 50 people.

| Number of letters | Frequency |
| :---: | :---: |
| 3 | 2 |
| 4 | 5 |
| 5 | 14 |
| 6 | 19 |
| 7 | 10 |

(i) Work out the mean number of letters in the first names of the 50 people.
(ii) One more person joins the 50 people.

The mean number of letters in the first names of the 51 people is less than the mean number of letters in the first names of the 50 people.

Write down the greatest number of letters in the first name of the person who joins the group.
