MARK SCHEME for the October/November 2012 series

0510 ENGLISH AS A SECOND LANGUAGE

0510/21

Paper 2, (Reading and Writing – Extended), maximum raw mark 84

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2012 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

SECTION C

```
Max. total for Section C: 2 marks
```

In the space below, write **one** sentence of between 12 and 20 words, giving your reasons for joining the club.

The sentence must be written in the first person.

Examples: I can watch films when I want and can save money on the travel.

I can watch films more cheaply and I can watch them at home.

For the sentence, award up to 2 marks, as follows:

2 marks: no fewer than 12 and no more than 20 words; proper sentence construction; correct spelling, punctuation and grammar; relevant to context.

1 mark: no fewer than 12 and no more than 20 words; proper sentence construction; 1–3 errors of punctuation / spelling / grammar that do not obscure meaning; relevant to context.

0 marks: more than 3 errors of punctuation / spelling / grammar; AND/OR irrelevant to context, AND/OR not a proper sentence; AND/OR fewer than 12 words or more than 20 words.

Absence of a full stop at the end should be considered as 1 punctuation error. Absence of an upper case letter at the beginning should be considered as 1 punctuation error. Omission of a word from a sentence should be considered as 1 grammar error.

Exercise 5 Whales learn to shout above the noise

Count words and indicate when the 120 word limit has been reached. Do not award language marks if there is no content to reward.

Content (up to 6 marks)

The main causes of noise problems

- ships
- oil rigs / drilling for oil
- wind farms
- sonar devices
- human activity / human noise / unnatural noise

How whales have had to adapt their behaviour

- are louder / shout
- call at higher frequencies
- messages simpler
- more time communicating / more energy on communicating / messages repeated
- more often
- no longer calling as often

Language (up to 4 marks)

- **0 marks**: meaning obscure because of density of language errors and serious problems with expression / nothing of relevance
- **1 mark**: expression weak / reliance on lifting without discrimination
- 2 marks: expression limited / some reliance on lifting from the original, but some sense of order
- **3 marks**: expression good, with attempts to group and sequence ideas in own words
- **4 marks**: expression very good; clear, orderly grouping and sequencing largely in own words

Exercise 6 Something strange out of the window

Exercise 7 Change in your country

The following general instructions, and table of marking criteria, apply to both exercises.

- **Content** covers *relevance* (i.e. whether the piece fulfils the task and the awareness of purpose/audience/register) and the *development of ideas* (i.e. the detail/explanation provided and how enjoyable it is to read).
- Language covers *style* (i.e. complexity of vocabulary and sentence structure) and *accuracy* (of grammar, spelling, punctuation and use of paragraphs).
- When deciding on a mark for content or language, first of all decide which mark band is most appropriate. There will not necessarily be an exact fit. Then decide between 2 marks within that mark band. Use the lower mark if it only just makes it into the band and the upper mark if it fulfils all the requirements of the band but doesn't quite make it into the band above.
- When deciding on a mark for **content**, look at both *relevance* and *development of ideas*. First ask yourself whether the writing fulfils the task, in terms of points to be covered and the length. If it does, it will be in **at least** the 4–5 mark band.
- When deciding on a mark for **language**, look at both the *style* and the *accuracy* of the language. A useful starting point would be first to determine whether errors intrude. If they do not, it will be in *at least* the 4–5 mark band.
- The **use of paragraphs** should **not** be the primary basis of deciding which mark band the work is in. Look first at the language used and once you have decided on the appropriate mark band, you can use the paragraphing as a factor in helping you to decide whether the work warrants the upper or lower mark in the mark band.
- If the essay is considerably **shorter than the stated word length**, it should be put in mark band 2–3 for content or lower for not fulfilling the task.
- If the essay is **totally irrelevant** and has nothing to do with the question asked, it should be given 0 marks for Content and Language, even if it is enjoyable to read and fluent.
- If the essay is **partly relevant** and therefore in mark band 2–3, the full range of marks for language is available.

GENERAL CRITERIA FOR MARKING EXERCISES 6 and 7 (EXTENDED TIER)

Mark band	CONTENT: relevance and development of ideas (AO: W1, W2, W6)	Mark band	LANGUAGE: style and accuracy (AO: W1, W3, W4, W5)	
8–9	 Highly effective: <i>Relevance</i>: Fulfils the task, with consistently appropriate register and excellent sense of purpose and audience. <i>Development of ideas:</i> Shows independence of thought. Ideas are well developed, at appropriate length and persuasive. Quality is sustained throughout. Enjoyable to read. The interest of the reader is aroused and sustained. 	8–9	 Fluent: Style: Almost first language competence. Ease of style. Confident and wide-ranging use of language, idiom and tenses. Accuracy: No or very few errors. Well-constructed and linked paragraphs. 	
6–7	 Effective: Relevance: Fulfils the task, with appropriate register and good sense of purpose and audience. Development of ideas: Ideas are well developed and at appropriate length. Engages reader's interest. 	6–7	 Style: Sentences show variety of structure and length. Some style and turn of phrase. Uses some idioms and is precise in use of vocabulary. However, there may be some awkwardness in style making reading less enjoyable. Accuracy: Generally accurate, apart from occasional frustrating minor errors. There are paragraphs showing some unity, although links may be absent or inappropriate. 	
4–5	 Satisfactory: Relevance: Fulfils the task, with reasonable attempt at appropriate register, and some sense of purpose and audience. A satisfactory attempt has been made to address the topic, but there may be digressions. Development of ideas: Material is satisfactorily developed at appropriate length. 	4–5	 Safe: Style: Mainly simple structures and vocabulary, sometimes attempting more sophisticated language. Accuracy: Meaning is clear, and work is of a safe, literate standard. Simple structures are generally sound, apart from infrequent spelling errors, which do not interfere with communication. Grammatical errors occur when more sophistication is attempted. Paragraphs are used but without coherence or unity.
