**MARK SCHEME for the May/June 2011 question paper
for the guidance of teachers**

0470 HISTORY

0470/41

Paper 4 (Alternative to Coursework), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

- Level 3 – Supports valid inferences with reference to the source e.g. The workers, of both sexes, exist rather than live in a state akin to slavery; they have little to eat and little to cover their backs; they can expect physical abuse at their place of work etc. (5 – 6)
- (ii) Level 0 – No evidence submitted or response does not address the question. (0)
- Level 1 – Agrees OR disagrees, unsupported from the source. (1 – 2)
- Level 2 – Agrees OR disagrees, supported from the source e.g.
- Yes Any investigations into factory conditions were biased and untrustworthy; some parts were admittedly worse than others; weight of evidence showed that life was 'black' for most workers; many investigations into the need for reform etc.
- No The conditions varied from factory to factory; variations depended on size; place and age of the factory; the need to falsify evidence means that there was exaggeration and bias in the evidence etc. (3 – 5)
- Level 3 – Agrees AND disagrees, supported from the source. Addresses the issue of 'How far?' (6 – 7)
- (iii) Level 0 – No evidence submitted or response does not address the question. (0)
- Level 1 – Useful/not useful – Choice made on the basis that one source is more detailed/gives more information, but does not specify what information. (1)
- Level 2 – Useful/not useful – One source is from a newspaper and the other is from a history book so they could both be biased/unreliable. (2)
- Level 3 – Choice made on the nature or amount of information given. Must specify what information. (3 – 5)
- Level 4 – Choice made on the grounds of reliability.
Discussion of utility must be made on valid evaluation of source(s) in context. Include at this Level answers that cross-reference between A and B to show reliability.
6 marks for one source, 7 marks for both. (6 – 7)

- Level 2 – Multiple reasons. One for each reason, one for each reason explained e.g. Vested interests. Owners of mills – often MPs as well – saw any reform as causing a reduction in profits; some did not believe the evidence of bad conditions; some felt that if they gave way the workers would demand even more; some felt that any change to the status quo would endanger Britain's industrial supremacy etc. (2 – 6)
- (iv)** Level 0 – No evidence submitted or response does not address the question. (0)
- Level 1 – Simple assertions.
One industry needed the other. (1)
- Level 2 – Explanation of textile importance OR coal importance, single factor given e.g.
- Tex First industry to expand rapidly; took advantage of improvements in transport, power and machines; used the fast growing population; provided work for those driven from the land by enclosures and the collapse of the domestic system; fed the huge demands of the export market etc.
- Coal Coal was vital as a power source for steam that made the textile industry function; mining improvements meant coal increasingly available to feed both industry and domestic markets; coal fed the railway industry; coal, textiles and railways hugely interdependent etc. (2)
- Level 3 – Explanation of textile importance OR coal importance with multiple factors. Allow single factors with multiple reasons.
- OR** Undeveloped suggestions on BOTH sides of the argument (annotate BBB – Balanced but Brief). (3 – 5)
- Level 4 – Answers that offer a balanced argument.
BOTH sides of textile importance AND coal importance must be addressed. (6 – 8)
