## **UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS**

**International General Certificate of Secondary Education** 

## MARK SCHEME for the October/November 2007 question paper

## 0625 PHYSICS

0625/06

Paper 6 (Alternative to Practical), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2007 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

				IGCSE – October/November 2007	0625	06
1	(a)	24				[1]
	(b)	s, ° 23,		each error)		[1] [2]
	(c)	(i)	rea	son consistent with results		[1]
		(ii)	roon volu beal liqui amo	ker d ount of stirring		
			surfa	ace area		[3]
	(d)	lid				[1]
						[Total: 9]
2	(a)	8,	14, 20	0, 25, 34, 41 (-1 each error)		[2]
	(b)	(i)	all p	ph: able scales labelled symbol/unit lots to nearest ½ sq (-1 each error or omission) thin and straight		[1] [2] [1]
		(ii)		ect value (29mm – 31mm)to nearest $\frac{1}{2}$ sq. r how obtained		[1] [1]
						[Total: 8]
3	(a)			3, 0.14, 0.12(-1 each error) least once		[2] [1]
	(b)			nt (yes)  – correct within limits of experimental accuracy		[1]
	(c)	var	iable	resistor/extra cell/variable power source/potential di	vider/potentiometer	[1]
	(d)	(i)		ect arithmetic for <i>R</i> 3.90 (ecf) and 2/3 sf		[1] [1]
		(ii)	voltr	meter correct position and symbol		[1]
						[Total: 8]
